

IMPACT OF PUPIL PREMIUM SPENDING ON ATTAINMENT 2017-18

The achievement of Pupil Premium (PP) and non Pupil Premium pupils has been substantially improved for those taking GCSEs at Witton Park. The tables below compare the achievement of pupils at Witton Park and pupils nationally. Until 2015 the Pupil Premium pupils at Witton Park were well above the national average for Pupil Premium in the 5A*-C inc English and Maths measure. The national issue with the English iGCSE qualification impacted negatively on performance of Pupil Premium pupils in 2014-15. Outcomes for 2015-16 and 2016-17 have now demonstrated sustained improvement in attainment and progress of pupil premium pupils.

In 2017-18 the performance of pupil premium pupils is a mixed picture. If the Progress 8 figure is used as the benchmark then the performance of pupil premium pupils has decreased by 0.64. This is larger than the overall dip in Progress 8 score across the school. In terms of Maths and English the attainment of pupil premium students is broadly in line with other pupils.

	5A*-C inc Eng and Maths Witton Park (All pupils)	5A*-C inc Eng and Maths National (All pupils)	Gap Witton Park – National

For the academic year 2015-16 the government changed the accountability framework. Overall school progress is now measured using 'Progress 8' measure. Again our Pupil Premium pupils compare favourably to both national data and also compared to their peers in 2015-16 and 2016-17.

	Progress 8 ALL	Progress 8 PP	Other Pupils national
2015-16	+0.25	-0.07	+0.3
2016-17	+0.45	+0.39	+0.11
2017-18	0.00	-0.24	TBC

The score of +0.39 for Pupil Premium pupils in 2016-17 means that our Pupil Premium cohort achieved nearly a full half a grade better than all pupils nationally. This is an outstanding achievement and outperformed other pupils nationally. There is a dip in performance of pupil premium students in 2017-18. This is likely to be below that of other pupils nationally but in line with performance of Pupil Premium pupils nationally.
